# Payslip

**Payslip is credible**

**Payslip is modern**

**Payslip is engaging**

**Payslip is ready to lead your  
business**

Payslip is a short, snappy word combination that is instantly recognisable in a tech-ready market.

We write our name in title case in our wordmark to emphasise our ease of use. This is how we operate, in line with our customer and solutions-focused approach.

Payslip is anchored on the strength of **Purple** and **Yellow**. These colours combined to form a confident, positive and friendly brand.

The design is digitally native. The flexibility of the brand ensures that Payslip sits naturally and comfortably in all formats, across any digital touchpoint.

Our brand is engaging, flexible and reliable.
